SUMMARY

Full Stack **MERN Developer** skilled in building dynamic, responsive, and scalable web applications. Strong problem-solving abilities demonstrated through hands-on project experience.

EDUCATION

2027	B.E. in CSE, Ramaiah Institute of Technology	Current CGPA: 9.06
2022	Class 12, Shiksha Niketan Senior Secondary School , Jammu	Percentage: 96.4%
2020	Class 10, Birmingham International Public School , Bishnah	Percentage: 96.4%

SKILLS

Programming Languages	C, C++, Java, Python, JavaScript
Web Development Technologies	React.js, Node.js, Express.js, HTML, CSS, Tailwind CSS
Databases	MongoDB (Non-Relational Database), SQL (Relational Database)
Miscellaneous	Time Management, Good Communication Skills, Strong Teamwork
Coursework	DSA, OOP, Operating Systems, DBMS, System Design

EXPERIENCE

Web Developer	June 2024 – July 2024
----------------------	-----------------------

- Developed **3+** mini web applications to gain hands-on experience in front-end and back-end development.
- Utilized **HTML, CSS, and JavaScript** to create responsive and user-friendly designs.
- Improved understanding of the **Software Development Life Cycle (SDLC)** and collaborated effectively in a team-based environment.

PROJECTS

Attainers School Management System (MERN Stack)

[Project Link](#)

Developed a full-featured school management web application with separate **Admin** and **User** dashboards.

User Features: Students and parents can log in to view the school gallery, notices, and published articles; send messages to the school; apply for admissions through an online form; and track the school location.

Admin Features: Admin can manage student records, admission requests, messages, and payments; publish or delete notices, gallery images, and articles; and view real-time insights on total students, pending requests, and messages. The admin can also edit or manually add student details.

Educator Website (LMS)

[Project Link](#)

A **MERN stack** Learning Management System (LMS) that helps teachers manage courses, students, materials, and YouTube lectures. It allows students to access content, track purchased courses, and monitor progress. The app makes education more organized and accessible.

COMPETITIVE CODING

- Solved **200+** coding problems across **LeetCode**, **GeeksforGeeks**, and **Coding Ninjas**.
